

# "THE BUZZ"

June, 2025

Glory Bee's Sewing Center

*Hello to all our customers! The weather calls us to be outside, but we hope you take a few minutes to stop by and see all the new fabrics and projects in the shop! Take a look at page 4 or check our website for upcoming classes. Treat yourself to a day of sewing and relaxation with other sewing enthusiasts in our classroom.*

\*\*\*\*\*

We just received a lovely new line of fabrics called "Butterfly/Calypso" from Benartex. Geometric patterns, swirls, butterflies, and flowers are in beautiful shades of teal, navy, green, gold, and white. There is even a border fabric that would make a stunning table runner or table topper as well as a generous frame for a quilt.

## RECENT EVENTS

Members of our Brother Embroidery Club met recently and enjoyed making these patriotic pillows while learning more about their machines.

NOTION  
OF THE  
MONTH

This month's notion is the "Kwik Klip" by Paula Jean Creations. We all know how tedious it can be to pin baste a quilt, especially a large one! This tool makes it easier, faster, and safer to put together the quilt layers (and also to remove the pins)! Mention you saw this notion in "The Buzz" and receive a 10% discount off the price!

SERVICE CENTER SUGGESTION

Chuck, our Service Center Manager, reminds us that if we need to use the hand wheel for any reason (such as positioning the needle), we should always turn the wheel forward. Doing so will help avoid interfering with the timing and other settings of the machine which could affect your stitches.

## *JUNE CLASSES*

### **CLUB CLASSES:**

**Tuesday, June 3 – Brother Embroidery Club #1**

**June 12 – Thursday Sewing Club**

This is a fun project that will quickly become one of your favorite sewing necessities!

**Thursday, June 19 – Intermediate RulerWorks.** If you have had previous experience with the Sew Steady Ruler Sampler Set, this class will give you an opportunity to practice new designs and sharpen your ruler skills.

**Note: Please check the website as new classes may be added during the month. Also, make certain you get a supply list for any class you are taking.**

Using markers is an essential part of our sewing process. It is so important, however, to make sure the marker we are using is the best one for a project. Be certain to read the manufacturer's instructions for usage and removal. Also, try out the marker on scrap fabric (from the project itself) to determine how easy it is to use and remove. Then wait to see if the marker reacts to iron heat or if the markings change over time. These steps will help to ensure that you are satisfied with your finished project.

Summer is beginning and it's time for classes, retreats, and sewing groups where we all exchange ideas and share the comradery of sewing. Machines that are heavy or cumbersome may present a problem in attending these events. For the month of June, Glory Bee's is having a **Travel Machine Sale!** The machines we are offering are smaller, lightweight, and more portable—perfect for travel without giving up the features you need. Stop in the shop to see the variety we have available. This sale starts May 30<sup>th</sup> and ends June 30<sup>th</sup>, 2025. See the list below for the models—four different levels are offered.
